PRESENTS

IATF 16949 : 2016 Internal Quality Auditor Training (2 mandays)

COURSE AIM :

- Learn how to audit the processes of an IATF 16949:2016 Internal Auditor Training - Automotive Quality Management System.
- The practical emphasis of this course and high tutor to delegate ratio provides a great opportunity for individual guidance, support and learning.

COURSE OBJECTIVE:

- To increase awareness on IATF 16949:2016 Standard
- To enable delegates understand Key concepts in Quality Management System auditing
- To impart/enhance practical auditing skills to become certified Internal Auditor.
- To enable the delegates to plan, conduct & manage internal audits in accordance with the principles & guidance of ISO 19011 and requirements of IATF 16949.

COURSE OVERVIEW :

- The International Automotive Task Force (IATF) has replaced ISO/TS 16949:2009 with IATF 16949:2016 – a new international standard that outlines the quality management system requirements for organizations involved in production, services or accessories for the automotive industry.
- As a result, ISO/TS 16949:2009 certificates have become invalid after September 14, 2018.
- Our course will help you understand the new IATF 16949:2016 automotive quality management system and help you facilitate a smooth transition from ISO/TS 16949:2009.
- IATF 16949:2016 internal auditor transition training from ISDE can help you to understand the changes in requirements from ISO/TS 16949 and assist in the transition to IATF 16949:2016.
